## USING NECKTIES to MAKE BEAUTIFUL QUILTS

Jane Haworth

In this Discovery Day workshop Jane will show you how to prep your neckties ready to use in a quilt or a smaller project like a bag.

I will give you directions to make this string-pieced diamond patterned quilt, a bow-tie block and other ideas for using neckties.

Since 2011 Jane has had an Etsy shop called Quilts from Clothes where she makes all kinds of T-shirt and memory quilts.

Her most unique and best selling item is to make custom quilts using mens silk neckties. In this workshop we will deconstruct the ties to use and start work on a few blocks of your choice.

Bow-tie Block
