

Quilt Illustrated Order Form

Penny at Quilts Illustrated is giving us a 20% discount on our order. The listed prices reflect the discount. I would like your orders no later than December 15th. I plan on placing the order so I will have your order before the end of December so I can distribute everything the first week of January. You will have homework prior to the class and I would like to give you a month to get ready for the class. Please email me your order. I will send you an email with the cost prior to you picking up your order so you can pay when you pick everything up. Please keep in mind that they will probably charge us tax plus shipping which I will split between the people placing an order.
